TABLE OF CONTENTS

No. 1 January–February 1990
Issued 27 February 1990

Taxonomic Mycology: Concerns about the present; optimism for the future
1 **H. H. Burdsall, Jr.**

Everett Stanley Luttrell, 1916–1988
9 **R. T. Hanlin and C. W. Mims**

Aberrant dikaryons in the Lycoperdaceae
17 **E. G. Duncan and S. M. Keay**

The mycorrhizal status of plants at Alexandra Fiord, Ellesmere Island, Canada, a high arctic site
23 **L. M. Kohn and E. Stasovski**

Studies on the systematics of ectomycorrhizal fungi in axenic culture. Reactions of mycelia to diazonium blue B staining
36 **L. J. Hutchison and R. C. Summerbell**

42 James W. Sinden Scholarship

Ultrastructure of the ascospore walls of *Schizosaccharomyces pombe* during germination
43 **B. Y. Yoo, B. F. Johnson, and G. B. Calleja**

Heterogastridiales: a new order of basidiomycetes
48 **F. Oberwinkler, R. Bauer, R. J. Bandoni**

Fungi on *Chamaecyparis nootkatensis*
59 **P. E. Hennon**

Genetic basis of biological species in *Heterobasidion annosum*: Mendelian determinants
67 **T. E. Chase and R. C. Ulirich**

Five genes determining intersterility in *Heterobasidion annosum*
73 **T. E. Chase and R. C. Ullrich**

Morphological and pathological studies of *Colletotrichum capsici* and *C. indicum*
82 **R. G. Roberts and J. P. Snow**

Cation exchange capacities and mineral element concentrations of macrofungal stipe tissue
91 **K. B. McKnight, K. H. McKnight, and K. T. Harper**

Some morphological and physiological characters of *Fusarium* species in sections *Liseola* and *Elegans* and similar species
99 **P. E. Nelson, L. W. Burgess, and B. A. Summerell**

Morphology, plasmolysis, and tetrazolium bromide stain as criteria for determining viability of *Phytophthora* oospores
107 **J. Jiang and D. C. Erwin**

Cellular slime modes in the forest soils of West Virginia
114 **J. C. Landolt and S. L. Stephenson**

Three new species of *Amanita* from Southwestern Idaho and Southeastern Oregon
120 **O. K. Miller, Jr., E. Trueblood, and D. T. Jenkins**

Brief Articles

Chaetomiopsis, a new perithecial ascomycete genus from Egyptian soils
129 **A. F. Moustafa and O. A. Abdul-Wahid**

Cyclical presence of *Amoebidium parasiticum* on mosquito (Culicidae) hosts in central Nebraska
132 **R. D. Grigg and M. C. Williams**

A new genus of the hyphomycetes endoparasitic in rotifers
134 **G. L. Barron and E. Szijarto**

Fungi associated with African earwigs and their relationship to South American forms
138 **W. Rossi and M. Blackwell**

New Rusts on endemic Hawaiian Rutaceae
141 **D. E. Gardner**

Margaret B. Church, 1889–1976
144 **C. W. Hesseltine**

Book Reviews
148

Instructions to Authors
152

No. 2 March–April 1990
Issued 12 April 1990

Contents

Ibra Lockwood Conners, 1894–1989
155 **J. Ginns**

Carroll William Dodge, 1895–1988
160 **E. D. Rudolph**

Cultural conditions promoting sclerotium formation in *Stilbothamnium togoense*
165 **D. T. Wicklow and C. E. McAlpin**

Meiosis and premeiotic DNA synthesis in a homothallic *Coprinus*
170 **P. Bayman and O. R. Collins**

Amplification and sequencing of DNA from fungal herbarium specimens
175 **T. D. Bruns, R. Fogel, and J. W. Taylor**

A cultural study of several species of *Antrodia* (Polyporaceae, Aphyllophorales)
185 **F. F. Lombard**

Evolutionary relationships among arbuscular mycorrhizal fungi in the Endogonaceae
192 **J. B. Morton**

Camptobasidium hydrophilum and its anamorph, *Crucella subtilis*: A new heterobasidiomycete from streams
208 **L. Marvanová and K. Suberkropp**

Endophyte-host associations in forage grasses. XII. A fungal endophyte of *Trichachne insularis* belonging to *Pseudocercosporella*
218 **J. F. White, Jr., A. C. Morrow, and G. Morgan-Jones**

Population genetics and systematics of the *Morchella esculenta* complex
227 **C-S. Yoon, R. V. Gessner, and M. A. Romano**

Ultrastructure of secondary spore formation in the rust *Gymnosporangium juniperi-virginianae*
236 **C. W. Mims and E. A. Richardson**

Investigation of polyols, amino acids and phenolic acids in a taxonomic study of *Cortinarius*, subgenus *Leprocybe*, section *Orellani*
243 **S. Rapior, A. Vassas, A. T. de la Fuente, R. Courtecuisse, and C. Andary**

Preparation and regeneration of protoplasts of *Colletotrichum gloeosporioides* f. sp. *aeschynomene*
249 **D. O. TeBeest and G. J. Weidemann**

Brief Articles

A unique code for each species of VA mycorrhizal fungi
256 **Y. Pérez and N. C. Schenck**

Lactate dehydrogenases in obligately anaerobic chytridiomycetes from the rumen
261 **F. H. Gleason and G. L. R. Gordon**

DNA content of vesicular-arbuscular mycorrhizal fungal spores
263 **A. Viera and M. G. Glenn**

The possible relationship of spore-like structures on the mycelium of *Glomus monosporum* to formation of appressoria
268 **J. P. San Antonio**

On an undescribed *Tremella* from China
270 **R. J. Bandoni and M. Zang**

Didymium iridis reproductive systems: New additions
274 **J. Clark and S. L. Stephenson**

The odor of *Agaricus augustus*
276 **W. F. Wood, R. L. Watson, and D. L. Largent**

Zygospore induction in *Mortierella chlamydospora* by the soaking-plain-water-agar-culture method
278 **T. Watanabe**

Book Reviews
283

Briefly Noted
287

No. 3 May–June 1990
Issued 15 June 1990

Fungi associated with the subterranean termite *Reticulitermes flavipes* in Ontario
289 **M. H. Zoberi and J. K. Grace**

Effects of culture conditions on mycelial growth and luminescence in *Panellus stypticus*
295 **D. Bermudes, V. L. Gerlach, and K. H. Nealson**

Sequence analysis of the small subunit ribosomal RNAs of three zoosporic fungi and implications for fungal evolution
306 **H. Förster, M. D. Coffey, H. Elwood, and M. L. Sogin**

Revision of *Cercospora*-like fungi on *Juniperus* and related conifers
313 **B. C. Sutton C. S. Hodges**

Biochemical evidence for the exclusion of *Zoophagus insidians* from the Oomycetes
326 **R. Coffell, M. E. S. Hudspeth, and R. Meganathan**

The genetics of sexual incompatibility in the Indian paint fungus, *Echinodontium tinctorium*
332 **A. D. Wilson**

Astrocystis reconsidered
342 **Y.-M. Ju and J. D. Rogers**

Germination and comparative morphology of basidiospores of *Pisolithus arhizus*
350 **H. H. Kope and J. A. Fortin**

Mycelium formation and calcium oxalate production by dsRNA-free virulent and dsRNA-containing hypovirulent strains of *Cryphonectria parasitica*
358 **A. R. Bennett and D. F. Hindal**

Salinity tolerance of an *Aphanomyces* isolate (Oomycetes) and its possible relationship to ulcerative mycosis (UM) of Atlantic menhaden
364 **J. H. Hearth and D. E. Padgett**

Xanthones and depsidones of the lichen *Lecanora dispersa* in nature and of its mycobiont in culture
370 **C. Leuckert, V. Ahmadjian, C. F. Culberson, and A. Johnson**

Effect of low humidity on spore production and basidiocarp longevity among selected isolates of *Flammulina velutipes*
379 **Karl B McKnight**

Brief Articles

Growth of the myxomycete *Stemonitis flavogenita* on a defined minimal medium
385 **J. Clark, D. Brown, and F-S. Hu**

Destruction of *Gnomonia leptostyla* perithecia on *Juglans nigra* leaves by microarthropods associated with *Elaeagnus umbellata* litter
387 **K. J. Kessler, Jr.**

An undescribed species of *Dichotomophthoropsis* on rice from India
390 **A. Rasheed, T. Sheeba, and D. J. Bhat**

Paecilomyces lilacinus, a colonist of *Aspergillus flavus* sclerotia buried in soil in Illinois and Georgia
393 **D. T. Wicklow and D. M. Wilson**

Two new species of *Arthrinium* from Spain
396 **J. V. Larrondo and Mª. A. Calvo**

Scytalidium circinatum sp. nov., a hyphomycete from utility poles
399 **L. Sigler and C. J. K. Wang**

Book Reviews
405

Briefly Noted
411

No. 4 July–August 1990
Issued 27 September 1990

Serological differentiation of three species of *Armillaria* and *Lentinula edodes* by enzyme-linked immunosorbent assay using immunized chickens as a source of antibodies
415 **H. H. Burdsall, Jr., Mark Banik, and M. E. Cook**

Studies on the systematics of ectomycorrhizal fungi in axenic culture. III. Patterns of polyphenol oxidase activity
424 **L. J. Hutchison**

Use of aminopeptidase substrate specificities to identify species of *Cylindrocladium* in Wisconsin nurseries
436 **C. Stevens, M. A. Palmer, A. Y. Tang, and R. E. McRoberts**

An analysis of fungal communities isolated from fruticose lichens
444 **O. Petrini, U. Hake, and M. M. Dreyfuss**

New species of *Phylloporus* and *Tricholomopsis* from Colombia, with notes on *Phylloporus boletinoides*
452 **R. Singer, C. L. Ovrebo, and R. E. Halling**

Zoophagus insidians has reproductive and cellular morphology of a zygomycete
460 **M. J. Powell, T. Heyburn, and S. Toadvine**

Development of a yeast flora in the adult green June beetle (*Cotinis nitida,* Scarabaeidae)
471 **H. S. Vishniac and D. T. Johnson**

Light and electron microscopy of sorus development in *Sorosporium provinciale,* a smut of big bluestem
480 **K. M. Snetselaar and L. H. Tiffany**

Brief Articles

A new species of *Melanotus* from the Southern Appalachian Mountains
493 **E. Horak, D. E. Desjardin, and R. H. Petersen**

Studies in *Leptosphaeria.* Lectotypification of *Sphaeria doliolum*
496 **C. A. Shearer, J. L. Crane, and C. Reddy K. R.**

Incidence of *Alternaria* species in grains from Mediterranean countries and their ability to produce mycotoxins
501 **A. Logrieco, A. Bottalico, M. Solfrizzo, and G. Mule**

Electrophoretic detection of multiple proteases from *Schizophyllum commune*
505 **W. W. Lilly, S. M. Higgins, and G. J. Wallweber**

Pyricularia grisea, the correct name for the rice blast disease fungus
509 **A. Y. Rossman, R. J. Howard, and B. Valent**

A new species of *Trichia* from Montana
513 **S. L. Stephenson and M. L. Farr**

Recovery of additional *flat* mutants of *Cryphonectria parasitica*
515 **S. L. Anagnostakis**

Correlation between host-fungal surface areas and percent colonization in VA mycorrhizae
519 **R. Toth, C. Doane, E. Bennett, and T. Alexander**

A new species of *Absidia* from an alkali bee brood chamber
523 **C. W. Hesseltine, M. K. Mahoney, and S. W. Peterson**

In vitro growth of ectomycorrhizal fungi on dilute agar
526 **W. K. Chapman, S. M. Berch, and T. M. Ballard**

Stenocephalum, a new genus for *Rhinotrichum subalutaceum* (Hyphomycetes)
528 **G. P. Chamuris and C. J. K. Wang**

Book Reviews
533

Briefly Noted
538

No. 5 September–October 1990
Issued 16 October 1990

Pycnidial development from ascospores of *Fenestella princeps*
541 **S. M. Huhndorf and D. A. Glawe**

Reniforma strues, a new yeast from wastewater
549 **R. S. Pore and W. G. Sorenson**

Antagonistic activity of *Pseudohalonectria* and *Ophioceras*
554 **A. Asthana and C. A. Shearer**

Fusarium species recovered from waste peanuts associated with sandhill crane mortality
562 **P. E. Nelson, R. J. Cole, T. A. Toussoun, J. W. Dorner, and R. M. Windingstad**

In vivo and *in vitro* nuclear conditions in the hyphae of *Fusarium solani* and *Aspergillus flavus*
566 **A. S. El-Ani**

Simultaneous stimulation of endophytic *Cryptodiaporthe hystrix* and inhibition of *Acer macrophyllum* callus in dual culture
569 **T. N. Sieber, F. Sieber-Canavesi, and C. E. Dorworth**

Evaluation of the "most probable number" (MPN) and wet-sieving methods for determining soilborne populations of endogonaceous mycorrhizal fungi
576 **Z.-Q. An, J. W. Hendrix, D. E. Hershman, and G. T. Henson**

Polyporus pseudobetulinus comb. nov.: new records in Europe and North America
582 **G. Thorn, H. Kotiranta, and T. Niemelä**

Localization of bioluminescent tissues during basidiocarp development in *Panellus stypticus*
595 **D. J. O'Kane, W. L. Lingle, D. Porter, and J. E. Wampler**

Spectral analysis of the bioluminescence of *Panellus stypticus*
607 **D. J. O'Kane, W. L. Lingle, D. Porter, and J. E. Wampler**

Brauniellula crassitunicata, a new secotioid species of Gomphidiaceae (Boletales, Basidiomycotina)
617 **G. Pacioni and R. Fogel**

Taxonomic study of *Veluticeps* (Aphyllophorales)
622 **K. K. Nakasone**

Brief Articles

A new species of *Helvella* from China
642 **J-z. Cao and B. Liu**

Plasmodial coalescence in *Stemonitis flavogenita* (Myxomycetes, Stemonitales)
643 **E. F. Haskins**

A new species of *Phialophora* from lake sediment
647 **K. R. Millar**

Notes on the rhizomorphs and mating system of *Xeromphalina campanella*
651 **D. M. Rizzo, K. J. Smereka, and T. C. Harrington**

Leucogaster columellatus is a *Sclerogaster*
655 **R. Fogel**

Schiffnerula corni n. sp., and its *Sarcinella* and *Questieriella* synanamorphs from Quebec
657 **S. J. Hughes**

Halophytophthora epistomium from mangrove habitats in Taiwan
659 **H. H. Ho, S. Y. Hsieh, and H.-S. Chang**

Book Reviews
663

Briefly Noted
667

No. 6 November–December 1990
Issued 31 December 1990

Cryptomycocolax: a new mycoparasitic heterobasidiomycete
671 **F. Oberwinkler and R. Bauer**

Growth rate and colony morphology of progenies of zoospores and selfed oospores of *Phytophthora parasitica*
693 **P. J. Ann and W. H. Ko**

A method of detection of fumonisins in corn samples associated with field cases of equine leukoencephalomalacia
698 **R. D. Plattner, W. P. Norred, C. W. Bacon, K. A. Voss, R. Peterson, D. D. Shackelford, and D. Weisleder**

A revision of the genus *Sclerocystis* (Glomaceae, Glomales)
703 **R. T. Almeida and N. C. Schenck**

Seasonal fluctuations of soil microfungi in correlation with some soil enzyme activities and VA mycorrhizae associated with certain plants of a typical calcixeroll soil in Greece
715 **E. Vardavakis**

Fusarium species isolated from soil samples collected at different altitudes in the Transkei, southern Africa
727 **N. Jeschke, P. E. Nelson, and W. F. O. Marasas**

Some species of *Otidea* from China
734 **J-Z. Cao, L. Fan, and B. Liu**

Review of the anamorph genus *Xenosporium*
742 **R. D. Goos**

Aleurodiscus occidentalis sp. nov., A. thujae sp. nov., and the *A. tsugae* complex in North America
753 **J. Ginns**

Communities of filamentous fungi and yeast in decomposing logs of *Pseudotsuga menziesii*
759 **R. H. Crawford, S. E. Carpenter, and M. E. Harmon**

Cliostomum (lichen-forming Ascomycotina) in North America and Europe
766 **S. P. Gowan**

A mycorrhizal survey of plant species colonizing coastal reclaimed land in Singapore
772 **I. Louis**

Brief Articles

Relationship of native and introduced mycorrhizal fungi to mycorrhizal dependence of *Andropogon gerardii* and *Koeleria pyranidata*
779 **B. A. D. Hetrick, and G. W. T. Wilson**

Nanstelocephala, a new genus of stalked-capitate basidiomycetes
782 **F. Oberwinkler, R. H. Petersen, and R. J. Bandoni**

The candy-like odor of *Nolanea fructufragrans*
786 **D. L. Largent, D. E. Bradshaw, and W. F. Wood**

Pronectria xanthoriae and *P. terrestris,* two new lichenicolous fungi (Hypocreales)
788 **R. Lowen, and P. Diederich**

A newly discovered role for aerobic fungi in anaerobic salt marsh soils
791 **D. E. Padgett, and D. A. Celio**

Polish Endogonaceae. VII. *Acaulospora capsicula, sp. nov.*
794 **J. Blaszkowski**
